RVS-77535

Say goodbye to blind spots! The RVS-77535 360° Surround View Camera System is equipped with 4 ultra-wide fish-eye cameras, which give you 4 unique views that seamlessly merge together to create a complete 3D image of your vehicle and its surroundings. Use the 360° view to assist with parking, check your blind spots, or to help navigate narrow roads. This bird's eye view camera system records all cameras connected making it great for insurance purposes. Loop recording allows it to record continuously and its G-Sensor detects unusual movement and impacts, protecting the associated video files from being overwritten.

Specifications

Video Interface.....	BMW style connector
Input Output Impedance.....	75 Ohm
Amplitude.....	Typical 1 Vpp, 1.2Vpp Maximum
Bandwidth.....	8MHz
Video Sampling Frequency	13.5MHz
DP(Differential Phase)	<0.8° TYP
DG(Differential Gain)	<3%TYP
SNR	70dB
Indicator Lamp High beam	Optional
Left/Right Turning Blinker.....	Yes
Reversing Lamp	Yes
G-sensor	BM250E Bosch
Compression	H.264 Baseline@L3.1
Resolution.....	480p@30fps
Bitrates	5Mbps, 2Gbyte/Hour
Recording Media.....	USB Disk(High Priority)/TF
Disk Capacity.....	TF CARD 64G SDIO3.0/SDIO2.0 USB Disk 256G USB2.0
Power Consumption.....	4-CH DVR + SVM mode - 350mA 4-CH DVR mode - 180mA Sleep Mode <10mA
Dimension	L*W*H -123*81 *25mm(Host Metal box)
Weight.....	220g
Working Temp.	-30°C+85°C
Storage Temp.	40°C+105°C
Relative Humidity	0-95%
